SUMMARY

Highly skilled in Frontend Development, Backend Development, Full-Stack Engineering, and Mobile Development, with a strong foundation in modern technologies including JavaScript, TypeScript, React.js, Vue.js, Next.js, Laravel, Express.js, C#, ASP.NET, Java, Spring Boot, Python, Flask, and various relational & non-relational database systems.

Passionate about building scalable and maintainable applications across platforms, I consistently strive to stay at the forefront of technology by continuously learning and adapting. My goal is to deliver impactful solutions that not only solve real-world problems but also contribute to long-term innovation and growth.

TECHNICAL SKILL

- ·Programming Language : JavaScript ,TypeScript, PHP, Python, Java, C#
- ·Frontend : Next.Js, React Native, React.Js, Vue.Js, Tailwind, Bootstrap, Chakra UI, Material UI, Vuetify, ShadCN UI, Ant Design (AntD), Quasar Framework, Radix
- ·Backend : Laravel, Express.js, Spring Boot, ASP.NET, Flask
- ·Database : PostgreSQL, MySQL, Oracle, MongoDB,
- ·ORM : Sequelize, Prisma, Mongoose
- ·Version Control : Git, GitHub, GitLab,
- ·DevOps & Tools : Docker
- ·Testing Tools : Jest , Unittest,

WORK EXPERIENCES

Istidata Pasific Solution   Online, Feb 2025 – Mar 2025

Junior Programmer (Trial)

- Conducted corporate-standard safety induction and first aid (P3K) training, ensuring employee awareness of health, safety, and emergency procedures in the workplace.
- Administered a multiple-choice technical assessment covering Java and C# programming languages, focusing on core concepts, problem-solving, and language-specific best practices.
- Developed a full-stack web application using .NET, HTML, JavaScript, Bootstrap, and internal company libraries, demonstrating backend integration and frontend responsiveness.
- Created a full-stack website using Java, Spring Boot, HTML, JavaScript, Bootstrap, and internal company libraries to assess proficiency in building scalable, maintainable enterprise applications.

Berkah Store Retail   Aceh Tamiang, Jan 2022 – Jul 2024
Retail Worker

- ·Delivered exceptional customer service by assisting customers with inquiries, providing product recommendations, and ensuring a positive shopping experience.
- ·Managed inventory operations, including stock checking, restocking shelves, and processing returns to maintain optimal product availability.
- ·Operated and maintained copy center equipment to type, design, and print customer documents accurately and efficiently.
- ·Prepared daily sales summaries to track performance, identify trends, and support decision-making for store operations. Maintained a clean, organized, and customer-friendly store environment.

FORMAL EDUCATION

SMAN 2 Kejuruan Muda   Aceh Tamiang, 2018 - 2021
Science

NON-FORMAL EDUCATIONS

Dicoding Indonesia   Online, April 2025 – Jun 2025
Machine Learning

- Gained foundational knowledge of Python programming, including syntax and basic programming logic for beginners.
- Learned how to present data visually using popular tools and libraries for data analysis.
- Covered basic machine learning concepts, including supervised vs unsupervised learning and fundamental algorithms.
- Developed a foundational understanding of personal financial management and key financial literacy concepts.

Bootcamp DumbWays Indonesia   Depok, Jul 2024 - Jan 2025
Full Stack Developer

- Gained in-depth expertise in Frontend and Backend development, covering the full software development lifecycle.
- Developed web applications from inception to deployment through hands-on team projects, enhancing collaboration and problem-solving skills.
- Worked with modern technologies including HTML, CSS, JavaScript, TypeScript, React, Node.js, Express.js, Material-UI, Chakra-UI, and Tailwind.
- Successfully managed and delivered complex projects on time, demonstrating strong project management and technical proficiency.

React Development Dicoding Indonesia Online,   Online,   Oct 2024 - Dec 2024
Frontend Developer.

- Gained understanding of foundational web technologies such as HTML, CSS, and the client-server model.
- Introduction to JavaScript Programming: Learned the basics of JavaScript, including variables, functions, DOM manipulation, and event handling.
- Acquired knowledge of HTML, CSS, and beginner-friendly frameworks to build user interfaces for websites.
- Developed skills in creating dynamic and responsive web applications usingand component-based architecture
- Learned fundamental concepts of AI, including basic algorithms, applications, and realworld use cases

ORGANIZATIONS

Remaja Masjid   Desa Sidodadi, Sep 2021 – Dec 2022
Secretary

- ·Arranged routine adzan schedules for members.
- ·Prepared and coordinated upcoming events.
- ·Informed all members about upcoming event schedules.
- ·Organized mosque cleaning duty rotations.
- ·Planned and managed competitions and related activities.
- ·Created detailed reports on active and inactive members for BKM and leadership review.

Kajian Islam Sekolah   SMAN 2 Kejuruan Muda, Sep 2019 – Sep 2020
Secretary

- ·Create and manage the duty schedule for other members.
- ·Organize and deliver information regarding each activity and event to all members.
- ·Arrange the schedule for speakers who deliver regular sermons at school.
- ·Schedule members who will serve as hosts for each sermon event.
- ·Coordinate with the organization's leader regarding new members, problematic members, and outstanding members.

CERTIFICATIONS

·PT Dumbways Indonesia

- Bootcamp Fullstack Developer (https://qr.me-qr.com/8ZRqYZaV)
- Graduated from a Full-Stack Developer bootcamp (https://shorturl.at/6zl6u)

·Dicoding Indonesia

- Belajar Visualisasi Data (https://is.gd/5c1lE8)
- Memulai Bahasa Pemrograman Python (https://is.gd/PNz21B)
- Financial Literacy 101 (https://is.gd/RfLpeD)
- Belajar Dasar Pemrograman Javascript (https://bit.ly/4l7aN8y)

- Belajar Frontend Web Pemula (https://bit.ly/3HIuDZf)
- Belajar Frontend and React Developer (https://is.gd/WK8IIw)
- Belajar Dasar AI (https://is.gd/4npG5P)

·PT. Revoluse Cita Edukasi (Revou)
- Intro to Software Engineer (https://qr.me-qr.com/e1nbZoML)

·LKP DUTA (PT TRAS TEKNO INDONESIA)
- Certificate in Microsoft Office (https://qr.me-qr.com/wMNrxih8)

·Udemy Course
- Certificate in Microsoft Office (https://qr.me-qr.com/KTMWlRbc)

RELATED PROJECTS / PORTFOLIO

·BookLib : Book Library online platform online managing, build with Laravel
Github : https://github.com/MDF05/Booklib.git
Live Demo : https://booklib-production-9603.up.railway.app/

·Circle App : social media platform, built with Typescript React and Express
GitHub: https://github.com/MDF05/circle
Live Demo : https://fe-circle-two.vercel.app/login

Review Film : create reviews opinions about films, built with Typescript, React and Express
GitHub : https://github.com/MDF05/review-film
Live Demo: https://frontend-review-film.vercel.app/

·Dubmerch : e-commerce platform, built with Typescript React and Express
 GitHub : https://github.com/MDF05/Dumbmerch.git
 Live Demo : https://dumbemerch-frontend.vercel.app/

·Note Web : Similar to common note-taking Web, built with Typescript React
 GitHub : https://github.com/MDF05/dicoding-my-personal-note
 Live Demo : https://dicoding-my-personal-note.vercel.app/

·Waysbeans : seamless online shopping experience, built with Typescript React and Express
 GitHub : https://github.com/MDF05/dicoding-my-personal-note
 Live Demo : https://ways-beans-three.vercel.app/

·MyToDoList : Similar to do list Native App, built with React Native
 GitHub : https://github.com/MDF05/mytodolist.git
 APK :   https://is.gd/2RT26O

·CoffeShop : An online sales application for all kinds of coffee beverages, built with React Native
Bottom of Form

GitHub : https://github.com/MDF05/coffe-shop.git

APK : https://qr.me-qr.com/uhyoosuk

·EventHub : a website for selling events tickets, built with Next js

GitHub : https://github.com/MDF05/event-hub.git

Live Demo : https://event-hub-jet-three.vercel.app/
